MACStraining@som.umaryland.edu

The 8-hour waiver training is offered in a ‘half and half’ format: 4 hours of in-person training followed by 4 hours of online training through PCSS. Upon completion of the required training, providers will meet the requirement of the DATA 2000 to apply for a waiver to prescribe buprenorphine.

Physicians are required to complete the standardized buprenorphine waiver 8-hour training. **Advance Practice Registered Nurses (NPs)** and **Physician Assistants (PAs)** are required to complete the standardized buprenorphine waiver 8-hour training as well as an **additional 16 hours of online training** as established by the Comprehensive Addiction and Recovery Act (CARA) which can be found here:
